### Important Dates to Remember!

Monday, April 1st—5th  
BISD Spring Break!

We are open!

Check the calendar for possible field trips and special activities!

Tuesday, April 16th  
Kitsap Great Give Event @ the Big Kids/Kids Club Campus  
5 PM– 7 PM

BICCC is proudly sponsored by:

The Kitsap Great Give is the biggest charity event in Kitsap history and we are proud to be a part of it. In honor of this year's event, we would like to invite our families and friends of Bainbridge Island Child Care to a very special night here at the Big Kids/Kids Club campus on Tuesday, April 16th from 5PM to 7PM.

Please join us for an evening of music, cheese and wine sampling. It's a great way for everyone to come together in a show of support and enthusiasm for the program and staff and our way of saying "Thank you."

If you have any questions, please let us know. We hope to see you here!

## Spring Break!!

Spring Break is just around the corner (April 1st– 5th) . If the family is thinking about hitting the ski slopes or planning a sunny vacation get a way, please let us know. It helps us plan fun activities and staff schedules for these longer days.

To ensure that the week will run smoothly, please note the following:

- If someone other than a parent is picking up, please let us know. If it is an individual from your emergency contact list, we can be notified via e-mail, phone call or written note. If it is an individual who has not picked up before, please provide their full address and cell phone information. Pick up person must also provide valid ID upon arrival.
- Please provide a nut-free lunch for your child each day unless otherwise posted.

If you have any questions, please call or email.

## What's Happening!

The crocus and daffodils are blooming, the fruit trees are starting to bud out, the grass has that fresh green hue, the hummingbirds are dive bombing the feeder and songbirds are nesting! The Big Kids and Kids Club campus is in full spring color!

Our March themes kept kids busy learning about echolocation and sonar, the animals that use it and how individuals without sight have learned to echolocate to navigate in their surroundings. Various STEM activities added to the fun.

Shark week gave us a glimpse in to the misunderstood world of these amazing creatures and what our world would look like without them. How Great Whites "fly" was an eye opening experience!

Looking forward to what the month of April has in store for us!

*Looking forward to Spring Weather!*

*Brigitte & Joe*
